Recognition of prior learning Estonian case

Külli All

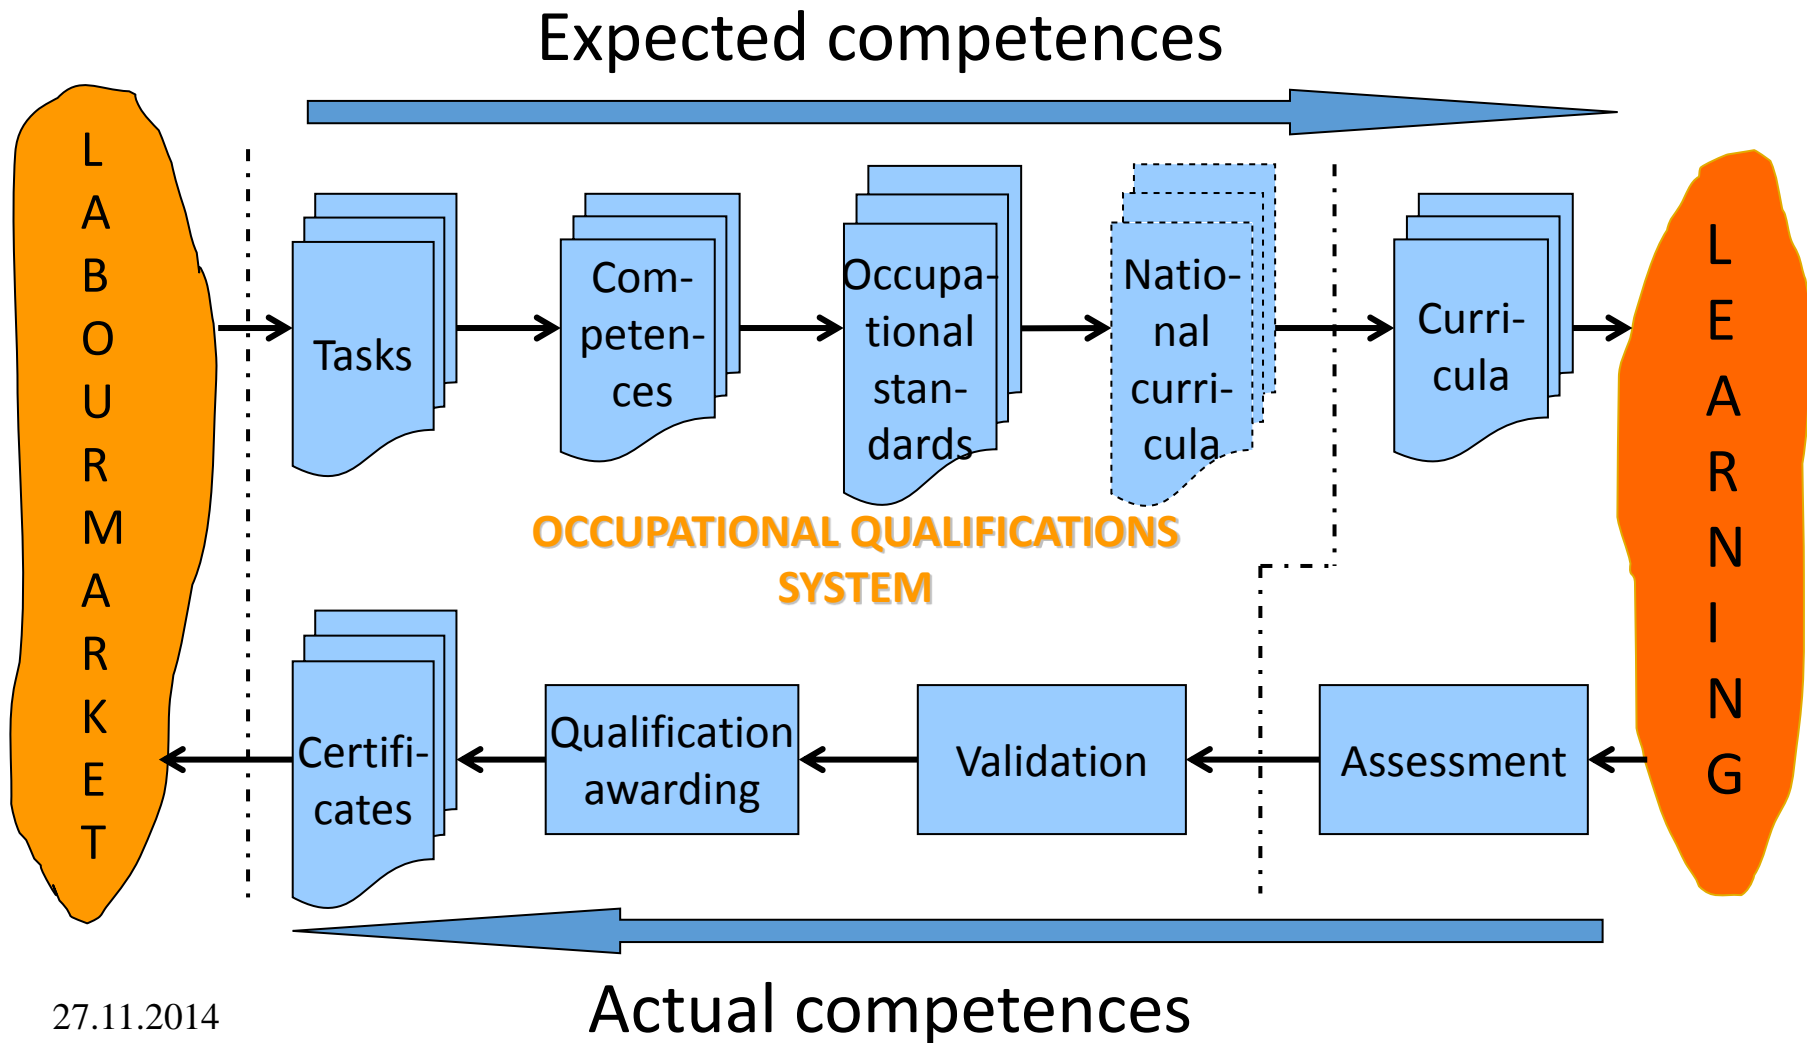

Ministry of Education and Research

Deputy head of adult education department

.2014

Competence cycle

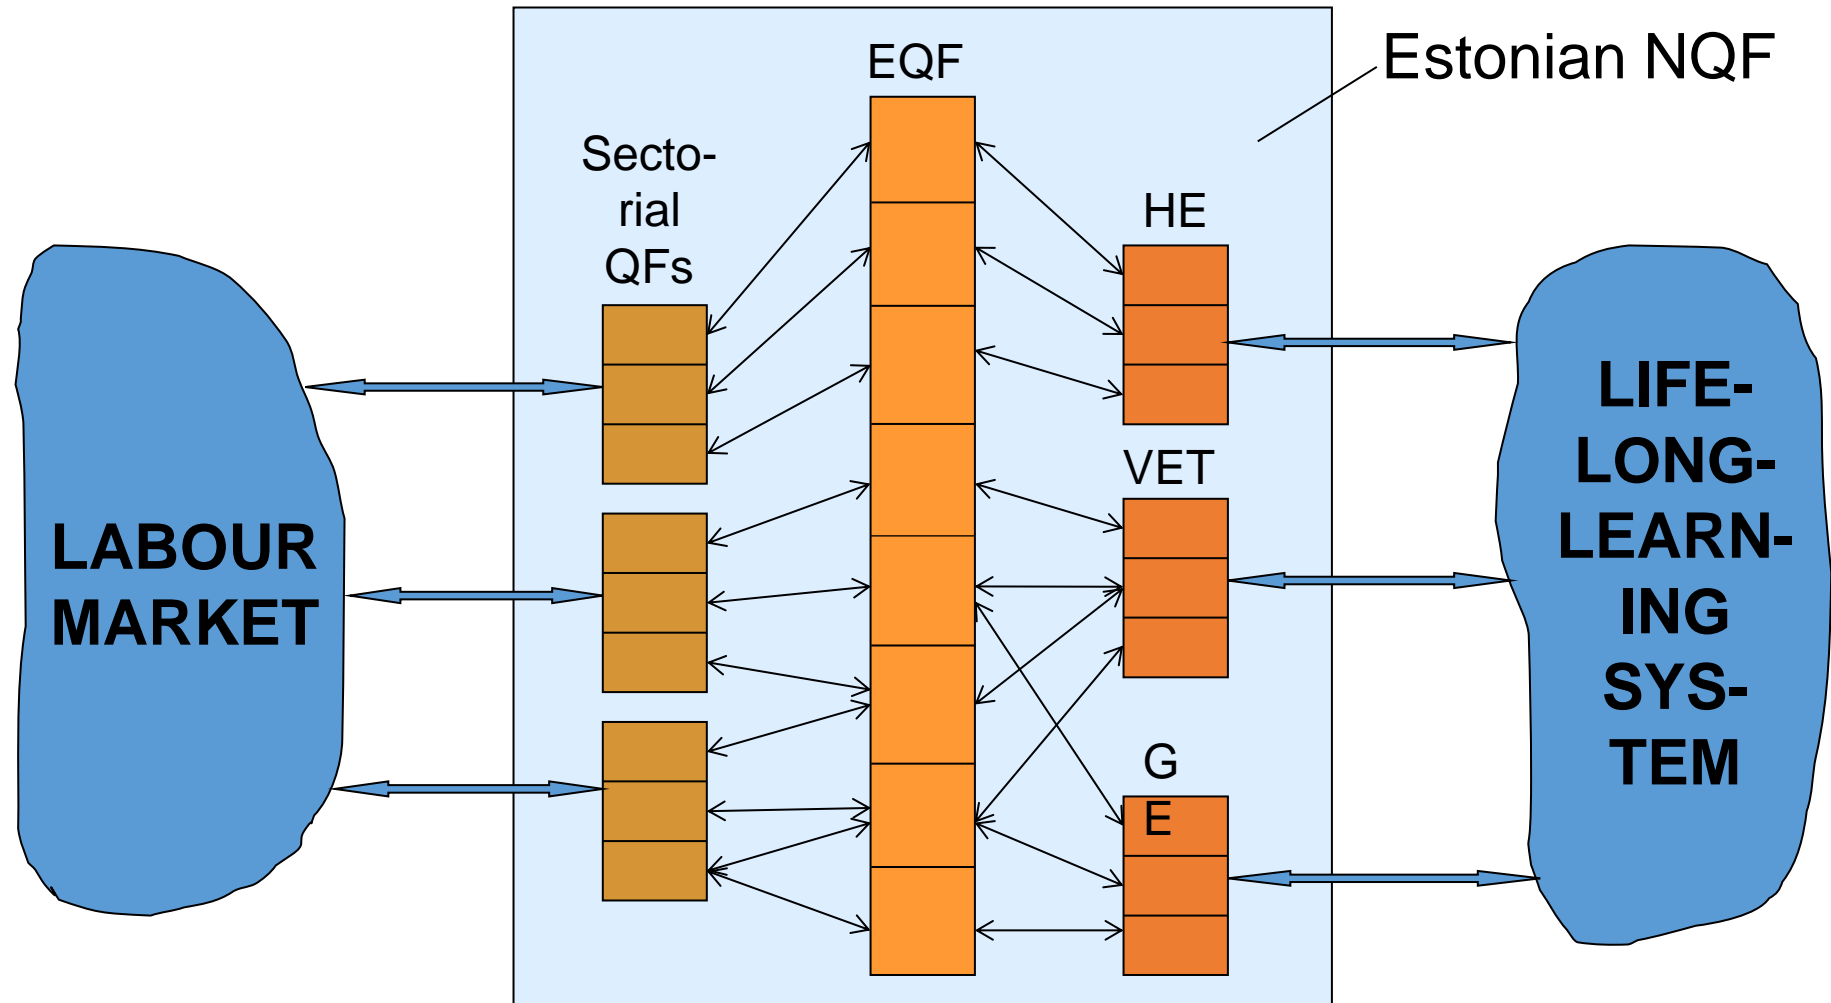

Estonian qualifications framework

- EstQF is an **overarching framework**
- EstQF consists of **four sub-frameworks**: for general education, VET, HE and occupational qualifications with **sub-framework specific descriptors and relevant quality assurance systems**
- EstQF **includes all state recognised qualifications**, which meet two criteria:
 - Are defined in learning outcomes-based qualifications standards (curriculum or professional standard)
 - Awarded by nationally accredited institutions

Estonian National Qualifications Framework

Educational standards and VNIL

General trend of development – towards learning outcomes based standards:

- Higher education standard (2007)
- Vocational education standard (2009)
+ national curricula for VET
- Since 2015 Skills analyse and forecasting system

Higher Education Standard

- General principles for taking account of previous study results and professional experience are:

RPL may be applied

- for compliance with the conditions for admission established by the educational institution;
- for transfer of previously acquired CP upon completion of a curriculum;
- **for calculation of previous study results and professional experience as credit points.**

Statistics : RPL in HE 2013 (no of students 2013/2014 59 998)

Recognition or prior formal learning	5683 (appilication s)	277 (neg answer)
Recognition of prior non-formal learning (including workplace trainings)	734	67
Recognition of informal learning (including working experience)	820	80
Multi-component recognition (combination of formal, nonformal and informal learning)	242	10
RPL used for admission	172	24
Total	6534	458

From OQS to curricula
